ARMAN | RESUME

Resume template — replace this file

This is a placeholder PDF, not a factual resume.

Replace assets/resume.pdf with your own up-to-date resume before publishing.

Suggested sections:

- Professional summary
- Network engineering and IT skills
- Verified certifications and training
- Real projects and lab documentation
- Work or volunteer experience (if applicable)
- Contact details and professional links

Do not publish personal contact details you do not want to make public.
